The 10 print modes allow for a wide range of printing possibilities on a variety of inexpensive, uncoated media. The resolution can be set to 540, 720 or 1440 dpi. The ValueJet 1304 can print speeds up to 145 square feet an hour with a maximum media width of 54." A grainy look is alleviated using Mutoh's i2; Intelligent Interweaving print technology. Mutoh			

has taken a totally new approach with its i² technology. Ink is laid down carefully in optimized wave forms, not in straight lines used in traditional printing practices. This approach will drastically reduce or even eliminate typical inkjet printing artifacts such as horizontal banding, step mismatch banding, ink mottle, etc. In short, i² will allow bi-directional printing of all images, even for the most critical jobs.

The ValueJet's improved print speeds and exceptional image quality are made possible through Mutoh's new piezo print head technology. The ValueJet has 1440 total nozzles and variable dot technology to produce outdoor durable, photo quality images.

The ValueJet piles on the value creating brilliant images using Mutoh's Eco-Ultra inks, available in 220 ml cartridges. Eco-Ultra ink is Mutoh's 3rd generation of eco inks, which last up to three years outdoors, without lamination.

The ValueJet 1304 includes a Mutoh version of SA International SE software, and a 1 year on-site warranty. Look to Mutoh for the best quality, price, selection and service.

COMPANY INFORMATION/PROFILE/REFERENCES

Preferential Requirement: The County of Collin, as a governmental agency of the State of Texas, may not award a contract to a nonresident bidder unless the nonresident's bid is lower than the lowest bid submitted by a responsible Texas resident bidder by the same amount that a Texas resident bidder would be required to underbid a nonresident bidder to obtain a comparable contract in the state in which the nonresident's principal place of business is located (Government Code, Title 10, V.T.C.A., Chapter 2252, Subchapter A). Bidder shall make answer to the following questions by selecting the appropriate radio button or inserting information in the box provided:

Is your principal place of business in the State of Texas? ☐ Yes ☐ No

If the answer to question is "yes", no further information is necessary; if "no", please indicate:

in which state is your principal place of business is located:

if that state favors resident bidders (bidders in your state) by some dollar increment or percentage: ☐ Yes ☐ No

if "yes", what is that dollar increment or percentage?

Wave Goodbye to **BANDING** with

Why settle for a printer that bands, when you can get one that doesn't!

Standard on the ValueJet line is Mutoh's Patented i²: Intelligent Interweaving Printing Technique, revolutionary in the piezo printing application world. This technique allows for increased print speeds and virtually eliminates banding, creating exceptional image quality. Its increased accuracy and consistency of dot size and dot release during printing improves the image, in addition to increased dot gain control, allowing for more latitude in profile settings.
